

Nell's family would like to thank all the staff and devoted carers for all the love and care they gave to Nell throughout her stay at The Windsor, you brought an amazing change to her life and made it truly enjoyable and for that we will always be grateful you made such a difference to her life which she would not have had otherwise stuck at home alone, you did her hair and painted her nails, played bingo, baked cakes and even had her singing what an achievement.

Keep up the good work and thankyou we won't forget you.

All our Love, Nell's family xxx
